OTHER SERVICES

We are able to provide '**spot surveys**' to view a specific technical or leak problem that you may have rather than completing a whole roof survey. Provided we can obtain access to the roof to view the problem, then we can offer our informal opinion on the cause & potential remedies.

Our charges for this service are:-

£100.00 - for a 'verbal opinion only' report (local area).

£100.00 extra - for spot survey report confirmed in writing (extra).

£60.00 per hour - for travelling time to non-local site visits outside our 20 mile local radius.

If you want this service then please telephone us for a mutually convenient appointment. All fees payable in advance or collected on day of inspection.
